

## **C/C++ Linux Programmer**

**Terms:** Salaried Employee with benefits

**Hours:** Full Time

**Onsite:** Yes

**Location:** Columbus, Georgia

### **Job Description**

Well-established Columbus, GA based company seeks an experienced C++ Programmer to join their team for a direct hire opportunity.

Logical Solutions, Inc. (LSI) is a leader in developing Point of Sales (POS) systems for the entertainment industry providing full turn key systems and products nationally. Candidates should have experience in C/C++ in a Linux environment. Projects involve programming with TCP/IP as well as other interfaces involving drivers. Knowledge of Linux internals is a plus.

### **Primary Responsibilities:**

- Developing real-time QT GUI displays for POS systems using C++ in a Linux environment.
- Working with distributed systems.
- Developing new software as well as enhancing existing systems.
- Fast paced development environment.

### **Essential skills:**

- Exceptional C++ Linux Programming.
- X Window programming using QT
- Linux programming.

### **Requirements of the Candidate include:**

- 2+ years of programming experience on Linux or Unix
- 3+ years experience with C/C++, object oriented technologies, Analysis, Design and Testing
- Diploma or Degree in Computer Science or equivalent experience
- Excellent Troubleshooting skills and analytic skills
- Excellent communication, interpersonal & time management skills
- GUI development experience is a plus.
- Ability to work with programming team and technical support group

## **Preferred Experience**

While not required, we prefer candidates with as much of the following background as possible.

### Experience with Linux

- Experience with CVS and Subversion.
- Experience with relational databases. SQL experience is also a plus.
- Knowledge of Perl is a plus.
- Networking and Interface knowledge

LSI is offering a terrific compensation package including fringe benefits, and matching 401K plan. Hot opportunity for new development and enhancement of web based applications.
